

# WasteWorks

*A 2 ½ hour course devised to meet the demands of businesses looking for concise waste training without assessment*

*Increase employee understanding of why business waste matters*

*Encourage employee involvement in positive waste management*

*Provide a platform to deal with specific waste issues, attitudes or new initiatives*

**Module 1: Does waste matter?** - valuing waste as a resource; hidden business costs; environmental impact

**Module 2: Making waste work** – legislation and duty of care requirements; the waste hierarchy

**Module 3: Group exercise** - a practical look at efficiently managing waste streams

**Introductory price  
£300+VAT  
per course.**
